THE VANDERBILT CHILDREN.

How They are Nursed, Educated, Put to Bed, and Otherwise Trained.

construction on a magnificent construction of the construction of In Store GAP, VA. are fitting them for life as well as any the rules in all the houses of the Vander-bilts that the children shall go to bed

> strength to their physique and color to their checks. After breakfast there is an party was about to attack the soup a telehour of study. There is something for gram from Berlin was brought in

At 11 o'clock they are brought home and a light lucheon of milk and bread is served, after which there are more studies—either French, German, or drawing—and then another breathing spell—it may be horseback riding, or a drive out through the park and along the country roads. Back they all come about 4 o'clock, and there is another house of the state and there is another hour of study, and they are through for the day. They are allowed to do just as they please until tea J. H. DUFF. Proprietor.

Has the best cook and keeps the best table at Big Stone Gap.

Rooms Lighted with Electricity.

Allowed to do just as they please until tea time, when, after their meal, they spend a pleasant hour or so with their fathers and mothers and others who may drop in to call. Promptly at 8 o'clock they are all in bed to sleep soundly, and get up the next morning and go through the same programme. So it is not strange that all the children of the Vanderbilt family are further in advance of their little friends.

my son has, I should have attained to something greater than I am.

Everybody has heard of Bismarck's big dog, the "Reichshaud' Tyras.

Although not very tender toward his fellow-men, Prince Bismarck forgives his add go everything. When the latter has committed any offence his master gives him a good scolding (which the animal perhaps takes but very little notice of,) further in advance of their little friends perhaps takes but very little notice of,)

in the matter of education. For they study, study, study all the time. They are all fond of music and most of them can play on the piano. The girls are learning to play on the harp, and the boys are famous among their friends as violinists and burin players. If and banjo players. If you were to see these children on the street, you would not was:

"The rascal will end by making all my other was a street was." for a moment suspect that they were other friends fall out with me. cumstances. They make no display at claborate dress. The eldest of Cornelius ter. The animal, however, intended to re-Vanderbilt's daughters is dressed plainly but the new one will hardly receive an in little, pretty, cheap dresses without any braid or ornamentation. She wears snug-fitting cloth jackets, and the little cap

duplicated for a couple of dollars. The Vanderbilts are all religiously inclined, and early on Sunday morning the children are washed and dressed and sent to Sunday-school. At church time they go to their father's pew, and sit there with him and their mother during the service. In the afternoon they go to Sunday-school again. They are never allowed to use horses or carriages, nor to go out, except for a short walk as a matter of exercise The day is spent very quietly. They have an early tea, and in the twilight the chil-dren gather in the music-room while one

hymn after hymn, and when the twilight fades away the little ones are put to bed to get up the next morning with the glow of health upon their cheeks, and begin their week of study and play, that shall fit them to become strong men and women, to administer wisely upon the vast for-tunes that will soon be theirs.

and Other Game from Abroad for

(New York Tribune.) One of the steamers which arrived in this port lately brought a consignment of was so strong that the mayor deemed it fourteen wild boars to Austin Corbin. proper to call a mass-meeting and discuss They were sent at once to Mr. Corbin's the matter. There were many speeches forest and estate in New Hampshire, where pro and con, the speakers became heated Mr. Corbin's forest is one of the largest in their arguments and there is no telling private possessions of the kind in the what the meeting might have resulted in United States and rivals those of many flict. As might have been expected, no Three beautiful lakes and more than forty conclusion was reached and no action miles of river water are included in the

Tennessee railroad, which was originally ized. He already has moose, carebou, elk, intended to be used by the Pine Mountain black and white tail deer. Hogs are also among the large number of animals which they are too domesticated to insure the sport desired by the owner and his friends. Following the advice of a German familiar with the wild boar hunts of his native country, Mr. Corbin sent to Germany for Decober, 1890, in vacation.

J. W. CLARK, S. P. CLARK, and SARM DALTON, Plaintiffs, 18.

Bill in 18. will be extended on all sides. The first branch of the road which was put under construction, which is the line up Straight creek, is now nearly completed, the work of putting on the iron having been begun. Plans for a big iron bridge for the road across the Cumberland have been made and quite a good portion of the road has been graded up through the old town and up to Clear creek bottom. The company has determined to put under construction at once five miles of this road up Clear creek. The survey has been made and the line located. It has been located to a point about half a mile beyond Clear creek to Jellico, or through Big Creek gap. A branch line up Little creek to Middlesborough, is also among the probabilities of the road is also appreciated, and it is said that there are several schemes on foot which will be productive of at least one line to connect with some of the great which will be productive of at least one line to connect with some of the great which will be productive of at least one line to connect with some of the great which will be productive of at least one line to connect with some of the great which will be productive of at least one line to connect with some of the great which will be productive of at least one line to connect with some of the great which will be productive of at least one line to connect with some of the great which will be productive of at least one line to connect with some of the great which will be productive of at least one line to connect with some of the great which will be productive of at least one line to connect with some of the great which will be productive of at least one line to connect with some of the great which along the spin and forcery of disposition. In color the boar is grayish-black. It is contemptated with the largest of the domestic briefly and the productive of at least one line to connect with some of the great which can be a connect with some of the great when had a connect was taken by an animal dealer in Hamburg, who was fat least to milar will be extended on all sides. The first branch of the road which was put under his place. The contract was taken by an interspersed with coarse, stiff bristles,

BISMARCK'S FAMILY.

His Dog a Bad One.

(A Fellow Student's Account The mode of living of the Bismark fam-

ily is in every way peculiar. The sons evidently have not inherited their father's of the W. Va., P. & T. road, is contemplated. It will run along the north side that they have as yet had no opportunity of Pine mountain to Whitesburgh, so as to connect with C. P. Huntington's great road, the Chattaroi.

of showing what they are capable of But it is a certain fact that their father has succeeded in infusing into them a Howard, of Mead county, and the seizure of their distiliery property by internal revenue officers. They are accused of crooked work in avoiding paying the gov-The only other news of interest here is the arrest of James Mahoney and Thomas them so successfully in diplomatic affairs rament tax.

The seizure, which is the largest in the Gneiss.

This is only the carrying out of the well-known principle of Louis XIV., barrel sheds, warehouse, seventy-nine barrels of whisky, a two-flue boiler, the twenty-horse-power engine, shafting and pullers a wooden and and pullers are some fixed to the smallest number of persons possible. Bismarck consequently never confided his State secrets to any but the namely, that State secrets should be conpulleys, a wooden and a copper still, 400 members of his own family, in whose distract of copper pipe, 200 feet of iron pipe, a gristmill, several horses, wagons and other attachments.

The distribution of the practice and experience of a celebrated German Physician and Electrician, is now offered the more severe in expecting this from the more severe in expecting the mor The iron work of the county bridge members of his own family than from all diseases for which it is recommended.

Not only, however, has he utilized his sons' services, but he has imparted a thor-kidney Diseases, Catarrh, ough diplomatic education to the Countess von Rantsau, his daughter, who possesses Consumption, have attained to a degree of cleverness bizens of Wise and derbilt family entertain on a magnificent lively disposition, exceedingly witty, and
